

At 'Expo-Russia Uzbekistan 2019'

On April 24-26 the students of group 103 of specialty "Irrigation and Melioration" of the faculty of "Hydromelioration" and D.A.Abduraimova, an assistant of the department of "Irrigation and Melioration" took part in the 2nd international exhibition of industrial production EXPO-RUSSIA UZBEKISTAN 2019. During the exhibition, students were provided with information on many institutions and universities in Russia. At the same time they got acquainted with the conditions of admission, faculties and directions of institutes and universities.

Students returned from the exhibition with thorough information.

R.Jumaniyozov, the press secretary of the institute
