

Visit to Museum of Temurid's History

Throughout the history, new museums have been created in Uzbekistan and become an integral part of our cultural life. Among them, the State Museum of Timurid's History is of particular importance. This museum reflects the great progress of science, education and culture during the time of Amir Temur and the Timurids.

In order to educate the younger generation in the spirit of our history, great personalities and heritage of our ancestors on April 6 of the current year, the students of group 217 of the direction of Hydrology (Watershed) of the faculty of "Hydromelioration" of Tashkent Institute of Irrigation and Agricultural Mechanization Engineers went to the State Museum of Timurids' History under the leadership of assistant of the department S. Mansurov. During the trip, they got acquainted with the historical facts about Timurids.

This building is not only a museum, but also as the scientific center for studying the history of the Amir Temur and the Timurid era, which is the only one that covers the history of our nation's history and combines the rich material and spiritual heritage of our ancestors. That's why we invite all of you to visit this museum to see our material and spiritual heritage.
